SKI TIPS

- Keep your head and ears covered with a warm cap! Your head is an escape valve for more than 50% of your body heat.
- Use chapstick to protect lips from wind. Goggles or sunglasses also help protect face and eyes from watering.
- Dress in layers. When you bend over, be sure you don't come untucked at the waist. Loose clothing helps circulation. Wear neck gaiters to keep your neck warm. **No long scarves!**
- Thermal socks are warm and also absorb moisture. Be sure you can wiggle your toes.
- Be sure to bring waterproof gloves or mittens. Glove liners help. Remove all jewelry!!!
- Your body will be warmer if you do some exercises prior to skiing. Go inside often to warm up!
